

KIDDE AUSTRALIA

## CAPABILITY STATEMENT

SPECIAL HAZARDS FIRE  
DETECTION AND SUPPRESSION  
SOLUTIONS FOR AUSTRALIA AND  
NEW ZEALAND

Since 1917, Kidde has been a global leader in fire protection, protecting people, property and processes from fire hazards. For more than 100 years, industry leaders, the military, airlines, fire fighters, businesses and millions of homeowners have turned to us to do exactly that.

## ABOUT OUR COMPANY

At Kidde, our mission is to provide solutions that protect people and property from the effects of fire and its related hazards. Kidde has maintained its position at the forefront of fire protection technology through continuous investment in research and development.

Kidde's holistic fire protection offering incorporates innovative fire, smoke, gas, flame and high sensitivity smoke detection products which complement a complete line of fire suppression systems including aerosols, inert agents, clean agents, dry chemical, wet chemical and self contained solutions.

**Detection**

**Suppression**

**Control**

## OUR SUPPORT

Our products are supported by local technical staff, engineers and sales representatives which are factory trained and strategically positioned around Australia. Many members of our team are acknowledged experts in their fields and actively participate in Standards development through ISO and the FPAA. Our Operations are backed by a National Distributor Network along with a 6,300m<sup>2</sup> Distribution and Customer Service Centre.
