

FIRE ESCAPE PLAN

Create an Escape Plan with your family

Nowadays, residential fires produce much more smoke than in the past* resulting in a reduction in the time you have to escape once it starts. And according to the Red Cross, only **26%** of families have a fire escape plan in place. Take the time to make one – it can be a fun family activity!

- When escape planning, **remember the twos:**
 - Always know **2 ways out** of every room,
 - Practice **2 times per year** and
 - Practice **2 times of the day** – daytime and nighttime
- **Know who will assist** children and those with mobility/health issues
- **Get Outside, Stay Outside:** Remember, if the smoke or CO alarm sounds, get outside and stay outside
- **Call 9-9-9:** Make sure everyone in your house knows how to

Don't forget Fur-Ever Friends

Teach everyone in the family what a smoke or carbon monoxide alarm sounds like and what to do if they hear one, which is:

outside and call 9-9-9!

You can even teach your dog how to respond to an alarm.

HOW TO MAKE A HOME FIRE SAFETY PLAN

- Draw a map of your home. Show all doors and windows.
- Visit each room. Find two ways out.
- All windows and doors should open easily. You should be able to use them to get outside.
- Make sure your home has smoke alarms. Push the test button to make sure each alarm is working.
- Pick a meeting place outside. It should be in front of your home. Everyone will meet at the meeting place.
- Make sure your house or building number can be seen from the street.
- Talk about your plan with everyone in your home.
- Make sure everyone in your home knows how to dial 9-9-9 or your local emergency number.
- Practice your home fire drill!
- Make your own home fire escape plan using the grid provided.
