

# Carbon Monoxide Alarm with Indoor Air Quality Monitor

2-in-1 Wi-Fi Alarm with App

## Amazon Alexa

## Model KN-COP-DP-10YL-AQ-WF

Kidde's Wi-Fi alarms are compatible with Amazon Alexa and Google Assistant. Use simple voice commands to check the status of your device. Let's get you set up!

### Get Started with Alexa

1. Install the Kidde app from the App Store or Google Play, or scan the QR code shown in Step 1 of the Quick Start Guide included with your Wi-Fi device.
2. Open the Kidde app, create and activate your account.
3. Tap "Add a device" and select the appropriate Kidde Wi-Fi device.
4. Follow the in-app steps to set up and connect your Wi-Fi device to the app.
5. After setup is complete, in your Kidde app:
  - Click on "Account"
  - Scroll down to SMART HOME INTEGRATIONS
  - Select the "Alexa" toggle button
6. Now close the Kidde app and open the Alexa app.
7. In your Alexa app:
  - Click on "More"
  - Click on "Skills & games"
  - Click the Magnifying Glass and search for "Kidde Alarm"
  - Click on "Kidde Alarm"
  - Click on "Launch"
8. Once enabled, log in with your Kidde app username and password.

You're all set to use your Kidde Wi-Fi device through Alexa.

Just say "Alexa..."

**\*Per UL standards, Test and Smart Hush™ are not available using voice assistants.**

### Just ask Alexa:

*"Alexa, ask Kidde alarm the status in the Living Room."*

*"Alexa, ask Kidde alarm the carbon monoxide level in the Living Room."*

*"Alexa, ask Kidde alarm the battery level in the Living Room."*

*"Alexa, ask Kidde alarm the about my air quality."*

or

*"Alexa, ask Kidde alarm the air quality in the Living Room."*

## Google Assistant

## Model KN-COP-DP-10YL-AQ-WF

### Get Started with Google Assistant

1. Install the Kidde app from the App Store or Google Play, or scan the QR code shown in Step 1 of the Quick Start Guide included with your Wi-Fi device.
2. Open the Kidde app, create and activate your account.
3. Tap "Add a device" and select the appropriate Kidde Wi-Fi device.
4. Follow the in-app steps to set up and connect your Wi-Fi device to the app.
5. Install the Google Home app and log in with your Google Account.
6. In your Google Home app:
  - Tap + (Add) Button Select "Set Up Device"
  - Select "Works With Google"
  - Click Magnifying Glass and search "Kidde Alarm"
  - Click link and log in to your Kidde app account
  - Click OK

You're all set to use your Kidde Wi-Fi device through Google Assistant. Just say "Hey Google..."

\*Per UL standards, Test and Smart Hush™ are not available using voice assistants.

### Just say: "Hey Google..."

*"Hey Google, what is the air quality in the Living Room?"*

*"Hey Google, what is the carbon monoxide level in the Living Room?"*
